

Dear Miss Tracey

Thank you for your letter. Hope u are staying safe. We are good. I have done lots of work and I have put it all in my new book to show u when I go back to school. Maisy, my puppy, helps me with my work.

I got a new bike so I can go on lots of bike ride around the lake. And I also I have be going on six miles runs.

We have been walking around and we found some cattle and some tadpoles that we are watching turn into frogs. They are just growing legs at the moment. This is my nana in the picture, she walked with us.

When we were running we found a tree swing in the woods so we have been playing on it.

I am missing you and I am having lots of fun. Are u sometimes going to work some days?

I will see u when we go back to school

Love from isobel
